CHAIR COMMENTS

Hi SYCANN community,

I am really looking forward to seeing you online and in person (much prefer this if you can).

Tuesday 9th September 10-12, Riverside East, Irwin Mitchell, Kelham Island. A link has been sent. If you've not got yours, please say.

We have some fantastic speakers giving up their time to educate everyone around periods, the menopause, and beyond. I strongly encourage the fellas to join too, so you can better support the females in your household. We are delighted that our friends across the CANN's want in too! The more the merrier, I say. If there are heaps of attendees we will keep the intros brief, and support requests specific, so have a think about what that might be before joining us.

If anyone has any summer offers to share please forward these to us. You are warmly invited to join me at Clifton Park on Saturday for a family friendly picnic with SHASBAH.

Today I visited St Vincent Charity, Sheffield. They supply all sorts of things to those in need from beds to food items. Check them out on www.svp.org.uk Perhaps you know someone who could benefit.

I hope you're all having an ace summer. Tramlines was a brilliant event here, though it'll be fab to have Hillsborough park back. Sheffield Cycling 4 All (free inclusive cycling offer), can get moving once more!

Speak soon,

Nina

DATES FOR YOUR DIARY - NATIONAL/ONLINE

Keep Connected: Understanding & living with an acquired brain injury (ABI) in children

This online support event is for parents and carers who suspect their child has an acquired brain injury (ABI) following meningitis.

Date: 16 September 2025

Time: 10.30 am - 12 pm

What topics will the course cover?

Does your child have long-term after-effects from meningitis, such as fatigue, memory problems, changes in behaviour, or sensory issues?

Do you think they have an acquired brain injury (ABI), but you are struggling to get this recognised?
Do you need support to get a diagnosis?

What strategies can you give your child to help with their after-effects? And how can you get the support your child deserves in school?

We are delighted to have Dalia Chowdhury, Educational Service Manager at the Child Brain Injury Trust, join us for this online event, to talk us through the journey of getting an acquired brain injury (ABI) diagnosis and the issues your child might be experiencing.

Dalia will also discuss accessing support for your child in school and ways you can support them. Find out more about Dalia [here](#).

This online event, presented over Zoom, will be hosted by Community Support Officer, Paul Blackburn and a member of Meningitis Now staff as tech support.

Interested?

Please book here and we'll be in touch after registrations close on 1 September 2025 to confirm your place.

A new Health Support Assistant Role for Specialist settings to deliver medications and enteral feeds with full job protection, training and clinical supervision.

"We want to share our journey in bringing Health Governance into an educational setting."

Principles

- The importance of the principles of Health delegation to schools.
- The interpretation of the current Children & Families Act 2014.
- The importance of developing the foundations, creating new systems, including governance, data and partnership working.
- The awareness that skills already lie in the people that are in the service and understanding what a change in the system can offer in terms of opportunity.
- The importance of partnership work agreeing and sharing responsibilities.

This conference is an opportunity for colleagues in Education and Health to learn from the Newcastle Pilot and other regional groups' journeys to meeting the Health Care Needs of our Children and Young People with EHCP's.

- How do we audit the Health needs in our EHCP's?
- How do we commission Health Care from the ICBs?
- How do we ensure Local Authorities provide governance of Health in Education?
- How do we secure job protection in new Health roles in partnership with the unions?
- How do we ensure clinical supervision remains with Health?

These and more questions will hopefully be answered.
